#### HOME CLUB WINS. Defeats the Crackshots from Ogden by a Score of 501 to 48I.

The Sait Lake Gune club defeated the Ogden Gun club in the shooting contest at Popperton yesterday by a score of 501 to 481.

The sharpshooters from the north were shead in the first half, but could not keep it up. The day for shooting was not an ideal one by any means, the wind being entirely too strong. The best individual score was made by Cal Callison, who dropped 46 birds. Where Ogden had six men who killed forty or more birds. The locals had seven men who killed forty or more. In all there were thirteen contestants on each side. Following is the scores of the two

#### SPORTING NOTES.

J. P. Gunn, who was barred from the saucer track a couple of weeks ago, has been reinstated, and will appear again tomorrow evening.

This evening the Y. M. C. A. wheel club will have another pleasant outing to some suburban strawberry patch.

It is very likely that a large crowd of wheelmen will go to Ogden with the Opal wheel club on Sunday. The wheels will be hauled to Ogden free.

Efforts are being made to bring Hal Corbett and Tombstone together for a match race. The latter has a record of 2:14%, made in Denver.

The Bankers and Rio Grandes are playing another practice game at Walker's field this evening.

Oscar Julius who rode here last season will arrive in Salt Lake in a few days. He is anxious for a match race

## DON'T SHIP SHEEP NOW.

Advice of Clay, Robinson & Company of Chicago.

Special Correspondence, Chicago, June 25 .- Receipts of sheep today (Monday) were estimated at 14,-000. The market was about steady at last week's bad close, prices now on western grass sheep being fully fifty cents lower than a week ago today.

The big slump took place last Thursday and Friday, when the packers took off a strong fifty cents on all good grades, and fully fifty to seventy-five cents on the common and medium kinds. The best western grass wethers are not quoted today at above \$4.25 to \$4.35 per 100 pounds., and prime west ern yearling wethers are selling at \$4.7 to \$5.00. Up to the present time there have been no western spring lambs on this market, consequently we give no quotations on that class. There is very little demand for feeding sheep at present, but if any were offered on the mar-

ket, they would sell around \$3.50. We strongly advise against shipping any sheep that are not fat enough for slaughter for the next two or three weeks at least, by that time there will probably be more demand for feeders and they can be handled to better advantage. Our sales today including a string of 1,352 head of Wyoming grass wethers, for slaughter, overaging 107 pounds, at \$4.25, top of the market for grass westerns.

#### DRY TIMES IN SOUTH DAKOTA.

Belle Fourche Times: M. M. Mendonhall of Mendenhall Bros., exclusive ranchmen in the Grand river country, about eighty-five miles northwest of Belle Fourche, was in town on business this week. Mr. Mendenhall says the range is as badly parched and dried up in his country as it is about here; that the grass is already as well cured as it usually is in September, and that it will take an unusually large rainfall (an unlikely thing to happen) to put the grass on the ranges in even fair condition again this summer. The water holes and creeks are all pretty well dried up and stock is crowding down to the larger streams instead of rustling and grazing freely over the ranges as usual. A good rain within a few days would help out on a small crop of hay, but the crop is bound to be small at best, and if this dry season is followed with a se-vere winter there must be great suffering and loss of stock on the ranges. At more of last year's hay and this would help out considerably in taking care of their stock this winter,

#### ARMSTRONG INJURED.

Young Street Car Man Falls on Sharp Pickets-Frightful Gash Inflicted.

Thomas H. Armstrong, a young man employed by the street car company, and who lives at No. 528 Third street, met with an extremely painful accident yesterday afternoon. He was picking cherries from a tree in his front yard when he lost his footing and fell upon the sharp picket fence beneath. One picket struck him just above the left knee and scraped along his leg, until it forced an entrance into his left side frightful gash three inches deep and r inches wide was rent in the man's c. He managed to free himself and attract assistance before sinking to the ground in a faint.

Dr. Bower was summoned, and he dressed the wound carefully, leaving the unfortunate man in a comparatively comfortable condition. The doct stated that if the picket had gone quarter of an inch further, it would have penetrated the left kidney, which would infallibly have caused his death. Armstrong is resting quite easily, but the wound is becoming sore.
